Future Achievers International (FAI) at the University of Ottawa reflects today’s global physical and intellectual interaction between peoples.

Youth are developing in an environment focused on learning & international awareness that bodes well for their native land as well as for positive global spill over impact.

**FAI’s underlying philosophy** is a belief in the potential impact of reinforced positive motivation among the youth and supporting an environment of excellence.

**FAI is chapter-based by country.** Achievers are selected by an Ottawa-based committee from among 9-16 year old role models nominated by their schools.

**Awards: FAI offers up to $3000 scholarships** to help Achievers begin their post-secondary studies. On the way, we recognize their leadership potential with an annual encouragement package that includes $100 for signing up & $150 each subsequent year until they satisfactorily complete high school.

**FAI International Student Scholarship** Offered by University of British Columbia (Vancouver) to an international undergraduate FAI student entering UBC. Applications must be submitted before March of the high school graduating year. See the FAI website for eligibility criteria and application details.
Country Chapter _______________________________

Student’s Name ________________________________________________

Date of Birth _________________    Male/Female __________________
