The purpose of the Uniterra program is to improve the lives of some of the world’s most vulnerable populations by stimulating growth and facilitating access to the benefits of growing and diversified markets. To make this happen, we are working with our local partners to enhance the income of poor and marginalized women and youth through better access to employment and income generation opportunities. Uniterra country program staff work with our local partners to design Uniterra assignments in the context of the country strategy, supporting the inclusion of women and youth in key economic subsectors.
