**DESCRIPTION:**

WUSC (World University Service of Canada) is a Canadian non-profit organization dedicated to improving education, employment, and empowerment opportunities for youth around the world. We partner with a diverse network to support solutions for greater youth inclusion. We remove barriers to education and employment. We provide space for youth to become empowered leaders.

Since 1981, WUSC has worked in Malawi to improve access to education and health services, particularly for those affected by HIV/AIDS, enhance economic empowerment, and to promote gender equality. Active participation from grassroots organizations, government departments, the private sector, and civil society organizations, particularly women’s groups, is vital to WUSC’s work in Malawi. WUSC is currently implementing the Uniterra Program, as well as the Student Refugee Program (SRP) in Dzaleka Refugee Camp in Malawi with support from the UNHCR. The Program aims to assist young refugees whose education was interrupted due to war to go on with University education in Canada. To date, over 1600 refugee students have gone to Canada to study and start a new life through the SRP, of which over 250 have come from Malawi.

WUSC Malawi therefore seeks to recruit an SRP intern to support in the Student Refugee Program.
