

Ranking Grid

For each selected applicant-professor pair, the Academic Secretariat calculates a total score based on the following breakdown :

| <u>Applicants</u> Items | Scores | Maximum |
|---|--|---------|
| GPA | 0 = < 8.0 1 = 8.0 – 8.4 2 = 8.5 – 8.9 3 = 9.0 – 10.0 | 3 |
| Most recent degree | 0 = Graduate Experimental psychology at UOttawa 1 = UOttawa 2 = Elsewhere | 2 |
| Conference presentations | 0.0 = none 0.5 = one or more conference presentations (including regional conferences, hospital research days, provincial undergraduate thesis conference, excluding the honours thesis conference at UOttawa) 1.0 = one or more peer-reviewed conference presentations at scientific meeting(s) | 1 |
| Publications | 0.0 = none 0.5 = one or more reports or publications, not peer-reviewed 1.0 = one or more first author manuscripts submitted for publication in peer-reviewed journals 1.5 = one or more peer-reviewed articles 2.0 = one or more first-author peer-reviewed articles | 2 |
| | | /8 |
| <u>Supervisors</u> Items | Scores | Maximum |
| Professor's ranking of the applicant | 0.0 = third choice (or lower) 1.0 = second choice 2.0 = first choice | 2 |
| Current graduate students under supervision | Full-time faculty 0 = 4+ students 1 = 2 or 3 students 2 = 0 or 1 student External supervisors receive a 0 on this item | 2 |
| Current funding | 0.0 = none 0.5 = Principal Investigator (PI) funding (contracts, start-up, other non-peer reviewed funding) or Co-Investigator on a team grant 1.0 = International, tri-council, or provincial peer-reviewed PI funding (e.g., SSHRC, OMHF) | 1 |
| | | /5 |

Maximum total score is **13**.

‘Priority may be given to applicants requesting to work with regular professors’
